

Mosaic Artwork

Required materials:

- Drawing paper
- Magazines
- Glue
- Markers
- Pencil crayons
- Pencils

Let's make a caribou mosaic! First, trace the outline of a caribou. Make it as realistic as possible! Don't forget their long legs, large hooves, pointy antlers and furry tail.

Next, flip through a magazine and select a colorful page. Shred the page into small square pieces. One by one, glue the magazine pieces within your caribou outline.

Finally, write your favorite fact about caribou below your mosaic. By the end of this activity, you should have a colorful caribou mosaic!
